

CAITLYN HAYDEN

BUSINESS PROCESS ANALYST | PROCESS IMPROVEMENT | BUSINESS OPERATIONS

Brightwood, VA | 540.836.3904 | HaydenCaitlynML@gmail.com | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Business operations and process improvement professional with 8+ years of financial services experience across banking operations, loan servicing, employee training, workflow coordination, documentation, and cross-functional problem solving. Experienced in identifying operational gaps, developing and standardizing processes, creating reporting and tracking tools, and translating complex information into clear, usable procedures. Currently supporting an enterprise core banking conversion through User Acceptance Testing (UAT), including development and execution of end-user test scenarios, business-process validation, defect documentation, and cross-functional implementation support. Pursuing a B.S. in Data Analytics at Western Governors University with a growing focus on data-driven decision-making, reporting, and business process analysis.

CORE COMPETENCIES

Process Improvement & Workflow Optimization	Requirements & Process Documentation	Cross-Functional Collaboration
Business Process Analysis	UAT & System Implementation Support	Stakeholder Communication
Data Analysis & Operational Reporting	KPI Tracking & Dashboard Development	Root Cause Analysis
SOP / Training Documentation	Change Adoption & Employee Training	Microsoft Excel & Power Query

PROFESSIONAL EXPERIENCE

University of Virginia Community Credit Union

Hybrid Work Environment | 60% Remote / 40% Onsite

Member Service Center Representative III / Trainer | Aug 2025 – Present

- Support an enterprise core banking system conversion through User Acceptance Testing (UAT), developing and executing end-user test scenarios, validating business processes across multiple functional areas, documenting defects, verifying issue resolution, and collaborating with cross-functional implementation teams.
- Train and support new employees in a high-volume environment, translating complex procedures and system workflows into clear instructions, reference materials, and standardized processes.
- Create and maintain Excel-based training dashboards, KPI trackers, workflow resources, and process documentation to improve visibility, onboarding consistency, and operational readiness.
- Monitor training progress, task completion, and performance metrics; identify operational gaps and recommend workflow enhancements to leadership and team members.
- Utilize 30+ internal systems while coordinating troubleshooting, workflow execution, and member-service processes in a regulated operational environment, successfully managing high-volume work across a 60% remote / 40% onsite hybrid environment while maintaining productivity, communication, data security, confidentiality, and service standards.

University of Virginia Community Credit Union

Financial Wellness Advocate I | Jan 2025 – Aug 2025

- Analyzed repossession and recovery workflows, coordinated with vendors and internal departments, and updated servicing procedures to improve process consistency, operational clarity, and team efficiency.
- Supported implementation of ACH invoice payment solutions for recovery vendors, helping improve payment processing workflow and turnaround.
- Identified process bottlenecks across auction and recovery operations and coordinated workflow improvements while maintaining policy, documentation, and regulatory requirements.

University of Virginia Community Credit Union
Loan Servicing Specialist II | Apr 2022 – Dec 2024

- Audited and managed physical and electronic loan documentation to support accuracy, compliance, process integrity, and consistent servicing execution.
- Served as a subject matter resource for servicing workflows, providing process guidance, troubleshooting support, and issue resolution to internal and external stakeholders.
- Managed insurance tracking, lien maintenance, and quality-analysis activities across multiple servicing systems.

Additional Financial Services Experience

Previous roles include MSC Representative II, MSR II, Universal Banker, Bank Teller, and Lead Teller within University of Virginia Community Credit Union and Wells Fargo. Experience strengthened customer and stakeholder communication, operational coordination, compliance awareness, multitasking, and relationship management in fast-paced financial environments.

SELECTED PROCESS & ANALYTICS PROJECTS

Training Dashboard & KPI Tracker (Excel)

- Designed an Excel-based operational dashboard to monitor training progress, task completion, overdue work, onboarding workflows, and readiness metrics; used formulas, conditional formatting, status indicators, and KPI reporting to improve process visibility.

Training Material & Continued Education Documentation Revamp

- Redesigned and standardized training resources, process guides, reference materials, and onboarding documentation to improve clarity, accessibility, workflow consistency, and employee development.

Power Query Data Transformation Project

- Used Power Query to clean, organize, and standardize imported datasets for reporting, improving structure, consistency, and usability.

TECHNICAL TOOLS

Microsoft Excel (advanced formulas, PivotTables, PivotCharts, XLOOKUP, INDEX/MATCH, conditional formatting, data validation) | Power Query | Power Pivot | Power BI (foundational) | Microsoft Word | Outlook | OneNote | Five9 | Akcelerator by Temenos | Oracle | DealerTrack | InsurTrak | SBA Loan Manager | CSC Global / EPrepare | SWBC AUTOPILOT | Manheim | BASE2000

EDUCATION

Western Governors University — B.S. Data Analytics, In Progress

Relevant completed coursework: Applied Probability & Statistics; Scripting & Programming Foundations; Applied Algebra

Madison Literacy Council — GED, 2015
